MOSS CARPET

Bring your interior to life with our moss carpet, the most flexible moss wall. Ideal for every shape and curve with no waste, installing a moss wall has never been so easy.

With a standard width of 1 meter and a maximum length of 25 meter, this premium A moss quality fits every indoor space and is a great high sound modulator.

Additionally, our moss carpet has a Fire Rating B.

CUSTOM MOSS PANELS

Create instant zen, modern and trendy work- and live spaces with our preserved moss panels. Ready-made panels to create custom size moss walls quickly and easily with little own labour needed. Our moss panels are easy to handle and glued on a dibond back panel that is easy to cut. That's why it is possible to create any size, figure or angle. Additionally, our custom moss panels have a Fire Rating B.
